

Tallahassee's Annual Ten Commandments Hike

With annual participation from Cub Scouts, Scouts BSA, Venturers, Girl Scouts, American Heritage Girls, Trail Life USA, other youth, and their families, the Ten Commandments Hike is the preeminent interfaith event, combining both religion and the outdoors. To better commemorate the hike, participants now receive one of four embroidered patches following a four-year cycle:

YEAR ONE

God reveals the Ten Commandments to Moses on Mount Sinai, stone tablets inscribed by the finger of God.

YEAR TWO

Enraged by the sight of the people of Israel worshipping a golden calf, Moses smashes the first set of stone tablets.

YEAR THREE

At God's command, Moses chisels a second set of stone tablets, which are stored in the Ark of the Covenant and carried by the Levites.

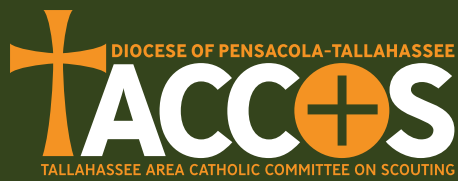

YEAR FOUR

Flying the banner of Saint George's Cross in victory, the Paschal Lamb represents Jesus Christ, the new and everlasting covenant, who conquered death and fulfilled the Law of Moses.
